BC Parks 2008/09 Year End Report

Executive Summary

The 08/09 BC Parks Year End report presents important information related to BC Parks visitor services. We encourage feedback on both format and content so that we can continue to improve the document and make it as useful as possible for regions, executive and others who are interested in BC Parks' performance on these key measures.

Attendance:
BC Parks is committed to increasing the number of recorded visits by 20% from 2004/05 to 2010/11. We are well on the way to meeting that target. Last year, attendance at BC Parks remained constant at 19.6 million however the province experienced weather patterns that had adverse effects on visitation growth. Overall, attendance has increased by 9% since 2004.

The Peace region gave the strongest results, with day use attendance up by 12.2% and camping up by 8.8%. In addition to comparatively better weather in this region, sound data tracking practices led to higher accuracy in visitation counts. Attendance also grew in the Skeena, Thompson and Vancouver Island regions.

Attendance declined last year in the Cariboo, Kootenay, Okanagan, and Omineca regions. The Cariboo region had a significant decline in attendance for Tweedsmuir Park due to flooding of the Atnarko River and record declines in salmon populations. Cooler weather at the start of the operating season also contributed to a decline in this region's attendance. The Kootenay region was impacted by late snow melt which prevented many of it's parks from opening as early as previous years. Like the Cariboo region, flooding and poor weather were responsible for attendance declines in the Omenica region. The Okanagan was affected by wildfires in Cathedral Park and poor road conditions leading to an early closure Conkle Lake Provincial Park.

Improvements continue to be made in our attendance tracking system, leading to greater quality assurance in the data being reported. In addition, using new procedures, the recorded attendance counts for 10 parks have been adjusted in this report. Adjustments were made where errors (generally counter malfunctions) led to inaccurate visitation numbers. In these cases, 3-year averages have been used as more accurate statements of attendance. The parks where such adjustments were made are listed at the end of the first Appendix.

Parks which demonstrated a signficant real change to visitation are noted on pages 7 to 9 of this report. Many of the changes in attendance were due to factors outside BC Park's control (e.g. weather, flooding, high gas prices) but some notable increases were due to improved facilities and many of the declines are the direct result of construction activities in or near the park.

Revenues:
In 2008/09 total revenues from recreation user fees increased by about $1.1M. Increasing camping fees in the majority of parks across the province accounted for $1M of this amount. Changes to camping fees had the largest impact on the Kootenay region which saw an increase in camping revenue of approximately $190,000 or 13%. Parking revenues remained relatively stable with provincial totals increasing by 1%. Overall, revenue remained stable or grew in all nine regions of the province in 08/09.

Park Use Permit revenues remained stable last year. The Permit Authorization Services Bureau focused considerable effort in improving it's data collection practices. Given that their database has been revamped and new permit categorization was used, comparisons between particular types of permits was not possible. Better analysis on this will be performed in future Year End Reports.

Recoveries:
Recoveries showed a sharp decline between 07/08 and 08/09. This was mainly the result of fewer dollars for Mountain Pine Beetle projects.

Operating Expenditures:
Overall, BC Parks operating expenditures remained stable. Retained fees from contract services increased by over $1M due to more revenues being retained by park facility operators from the implementation of higher camping fees. This amount was offset by a $1.6M cut in mountain pine beetle expenditures. Other major variances in operating expenditures occured under salary, benefits, and travel (an increase of approximately $1.7M) and under goods and services (a decrease of approximately $2.3M).

Capital Expenditures:
BC Parks spent almost $2.8M acquiring properties in 2008/09. These properties were valued at approximately $4.5M, with the difference coming primarily from partnerships and donations. Properties purchased included the Franz property in Valhalla Provincial Park and other large properties in Gilpin Grasslands, Gowland Tod and Francis Point Provincial Parks. Compensation paid to owners prior to land acquisitons represent the majority of the total compensation figure. Increases to this figure stem from the large aquisitions made within the past few years.

Total investments in facilities were down approximately $3M from 07/08 but this drop was due to a decrease in the number of reconstruction projects happening within campgounds and day use areas. In addition, there was approximately $700,000 less funding directed towards improving roads an trails. Investing in water and sewer systems were a priority during the 08/09 season and these projects received more than $5M in additional funding.

Satisfaction:
PFO performance continues to stay at a high level as shown by visitor satisfaction ratings which were 84% (index scores rated excellent or above average) in 08/09. Campground visitors remained highly satisfied (93% excellent or above average) with the cleanliness of the grounds, the natural surroundings (89%) and sense of security (86%). The availability of recreational opportunities (65%) remained the lowest score given by campers. Also, the value for fee rating declined by 6% due to a 10% increase in camping fees for the 08/09 operating season. Day use visitors gave employee friendliness (94%) and cleanliness of grounds (92%) the highest scores. The value for fee satisfaction rating among day use visitors was 62% excellent or above average in 2007/08. More visitors have become accustomed to parking fees and are beginning to understand that these fees are being reinvested into the parks system. This satisfaction rating has increased substantially from 2005/06 (39% satisfaction rating) when day use parking fees were instituted.

Key Performance Indicators:

	2004/05	2007/08	2008/09	% change from 2004
Attendance (millions of visits)	18.0	19.6	19.6	9%
Recreation User Fee Revenues (millions)[1]	$ 11.1	$ 13.1	$ 14.2	28%
Visitor Satisfaction	80%	84%	84%	5%

[1] Day use parking fees implemented in 05/06. Park Use Permit fees are not included.

BC Parks 2008/09 Year End Report

Summary of Key Information

Attendance

Visits (in person days)	2007/08	2008/09	Variance	% Change
Day Use Visits	17,081,091	17,067,285	-13,807	-0.1%
Camping Visits	2,381,099	2,365,520	-15,579	-0.7%
Marine Visits	180,663	179,757	-906	-0.5%
Total Park Attendance	**19,642,854**	**19,612,561**	**-30,292**	**-0.2%**

Total Capital & Compensation Costs	**$ 26,943,876**	**$ 40,709,592**	**$ 13,765,716**	**51.1%**

Source: Financial Data Warehouse, detailed capital expenditures calculated from information supplied by Seaford Jack.

[2] *In 07/08 $8 M Forest Tenure Compensation. Most of 08/09 spent on compensation for land acquisitions and to buy out timber/mineral rights in new parks/conservancies.*

Other Information

Other Indicators	2007/08	2008/09	Variance	% Change
Partner contributions/donations to land acquisitions	$ 4,558,000	$ 1,105,000	- 3,453,000	-76%
Total value of acquired land	$ 9,832,800	$ 4,547,000	- 5,285,800	-54%
Number of Park Use Permits issued	1,069	1,270	201	19%
# BC Parks' Government FTEs	193	193	-	0%
Ranger FTEs	69	73	4	6%
# rangers	145	154	9	6%
Ha protected[1]	12,044,112	13,146,151	1,102,039	9%
# BC Parks with interpretation programs	23	26	3	13%
Attendance at BC Parks interp programs[2]	108,842	133,198	24,356	22%

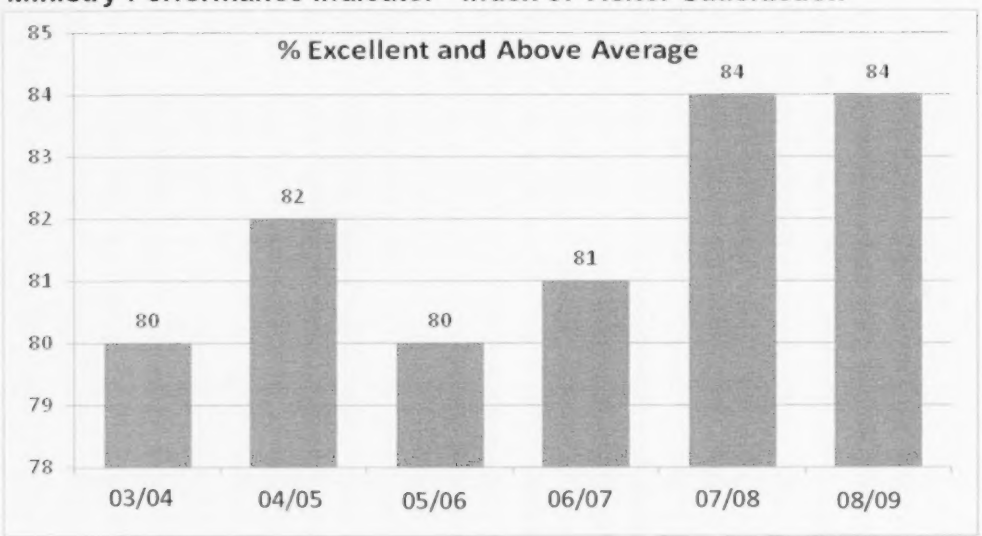
Source: Permits issued from permit database, FTE and interpretation program information from estimates notes, remainder from staff reports - acquisition related information from Russ Malcolm, interpretation information from Gail Ross, hectares protected from Ken Morrison.

[1] *Hectares protected captures all formally established Class A, B and C parks, recreation areas, conservancies, ecological reserves and protected area designations under the Environment and Land Use Act at the end of each fiscal year. These numbers do not include wildlife management areas or other conservation lands managed by the Ministry of Environment for the benefit of fish and wildlife, nor do they include Government-approved areas that have not yet been formally designated.*

[2] *An additional 69,224 people visited nature houses in BC Parks in 08/09.*

BC Parks 2008/09 Year End Report
Results From Satisfaction Survey

Ministry Performance Indicator - Index of Visitor Satisfaction

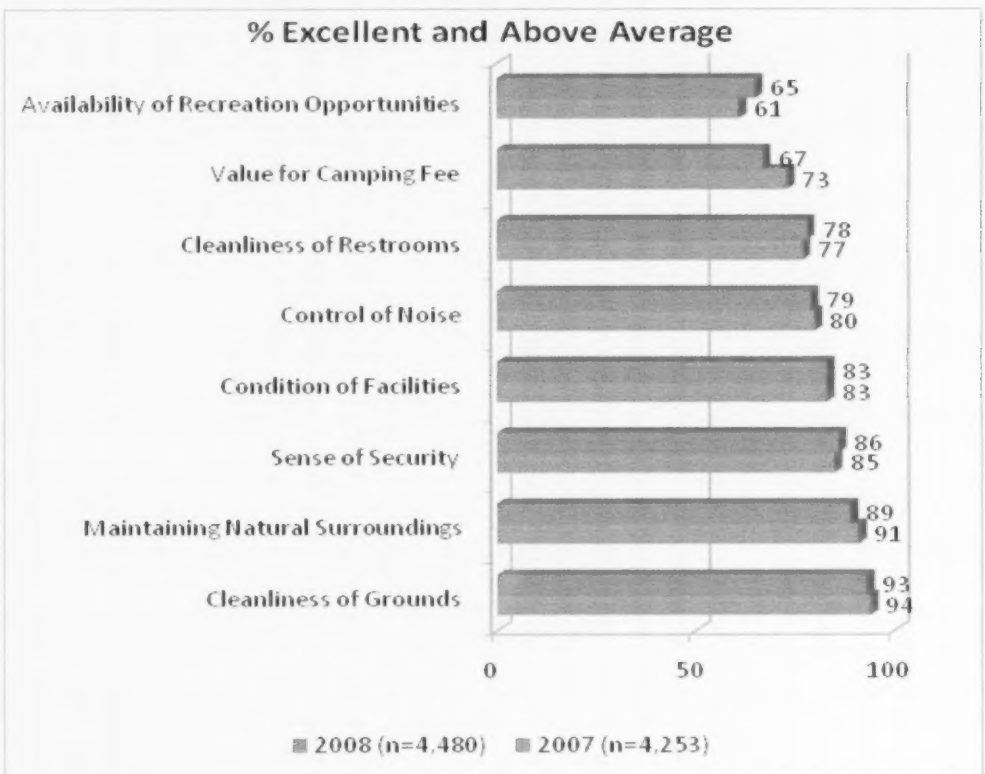


Source: Brian Dyck as of February 26, 2009

NOTES

- Index of Visitor Satisfaction is based on 5 services:
  - Cleanliness of Restrooms
  - Cleanliness of Grounds
  - Sense of Security
  - Control of Noise
  - Condition of Facilities
- BC Parks standard is a rating of above 80% for excellent and above average visitor responses.

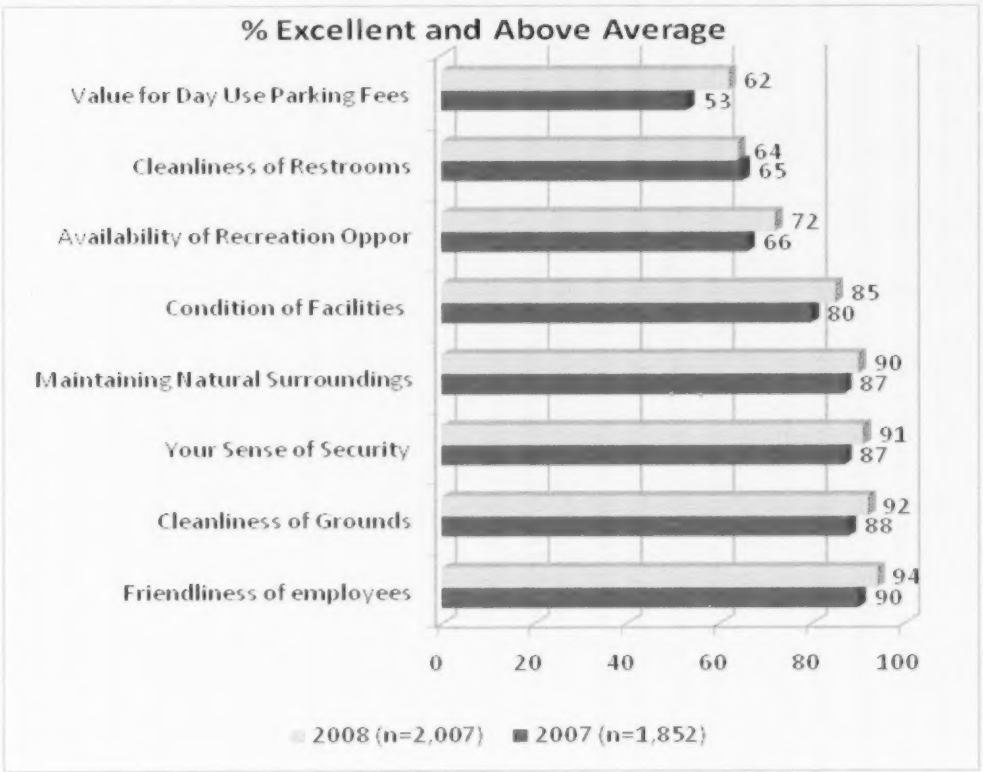
Camper Satisfaction Ratings 2007 vs. 2008



NOTES

- Highest ratings were given to the cleanliness of the grounds and maintaining natural surroundings.
- Lowest rating were given to value for fee and the availability of recreation opportunities.
- The rating that had the most improvement from 2007 to 2008 was the availabiliy of recreation opportunities (up 6.6%).

Day Use Satisfaction Ratings 2007 vs. 2008



NOTES

- Highest ratings were given to the friendliness of employees, the cleanliness of grounds, and sense of security.
- Lowest ratings were given to the cleanliness of restrooms, value for day use parking fee, and the availability of recreation opportunities

- The rating that had the most improvement from 2006 to 2007 was the value for the day use parking fee (up 17%)

Note: The Park Visitor Satisfaction Survey assesses the ministry's effectiveness in achieving client satisfaction with parks and campground facilities and services. There are 2 types of surveys, one for day use areas and one for campgrounds. The surveys are based on sound statistical principles, design and methodology. All ratings are based on responses of "excellent" and "above average" to the survey questions. Key parks are surveyed on a rotational basis, every 4 years. Surveys are undertaken yearly from May 15 to the first week of September.The Visitor Satisfaction Index is a provincial average based on the overall rating of campers and park visitors in the following five categories: cleanliness of restrooms, cleanliness of grounds, condition of facilities, sense of security, and control of noise.

BC Parks 2008/09 Year End Report
Highlights & Key Variances

Parks with the greatest changes in attendance

This section highlights those parks which show the greatest increases or decreases in attendance. For day use, a greater than 30% and greater than 5,000 total attendance variance criteria is used. For camping the criteria used to highlight critical changes is 10% and greater than 1,000 in total attendance. The appendices provide individual variances in attendance and revenue for all parks.

Parks with INCREASED day use:

Reg	Park	DAY USE Attendance				Notes:
		07/08	08/09	Difference	% Change	
KO	Champion Lakes Park	25,099	40,961	15,862	63.2%	Late snow melt prevented the park from opening in May, 2008.
KO	Kootenay Lake Park	9,419	16,380	6,962	73.9%	Improved counts at the marine sites led to the increase in 2008.
KO	Lockhart Beach Park	12,072	17,934	5,863	48.6%	Developments have increased on the South-East shore of Kootenay Lake which has brought more visitors to Lockhart Beach.
KO	Summit Lake Park	5,653	12,303	6,650	117.6%	Increase was caused by a new counter being installed in the park.
KO	Wasa Lake Park	118,780	222,481	103,702	87.3%	Increased use was caused by the Norbury Triathalon being moved to Wasa Lake in 2008.
KO	Whiteswan Lake Park	150,164	213,969	63,805	42.5%	Improved counts at the day use sites led to the increase in 2008.
LM	Murrin Park	134,876	206,423	71,547	53.0%	Estimates were provided in 2008 to address trails without counters.
PE	Monkman Park	8,260	22,127	13,867	167.9%	Improved counts at the day use sites led to the increase in 2008.
PE	Swan Lake Park	10,077	26,219	16,142	160.2%	No definitive reason for the increase in attendance. Could be attributed to better park conditions and better data tracking.
SK	Driftwood Canyon Park	17,371	24,784	7,413	42.7%	Increase in attendance can be attributed to high visitation at the park's tourist centre
TR	Chasm Park	18,627	25,008	6,381	34.3%	No definitive reason for the increase in attendance. Could be attributed to better park conditions and better data tracking.
TR	Juniper Beach Park	9,216	15,925	6,710	72.8%	Local residents choosing to stay close to home due to high fuel costs.
TR	Marble Canyon Park	54,033	73,038	19,005	35.2%	Counts were not taken in the winter season in 2007.
TR	Monck Park	11,676	24,329	12,653	108.4%	Improved counts at the day use sites led to the increase in 2008.
TR	Tunkwa Park	30,825	56,599	25,774	83.6%	Increase caused by more locals using the park to save on gas as well as the construction of a new horse corral. Better fishing conditions can also be attributed to the increase.
VI	Drumbeg Park	25,830	39,060	13,230	51.2%	Increase in attendance was due to improved counts being taken in the day use area as well as better weather in August 2008.
VI	Hemer Park	10,147	16,531	6,384	62.9%	Increase in attendance can be attributed to better weather and improved counts.
VI	Mansons Landing Park	14,116	20,524	6,409	45.4%	Increase in local use as well as more construction workers operating on the island led to the higher counts in 2008.
VI	Morden Colliery Historic Park	18,911	31,710	12,800	67.7%	Increse can be attributed to better weather as well as more local groups taking hikes along the trails.
VI	Rathtrevor Beach Park	262,934	345,919	82,985	31.6%	Better weather and more accurate counts led to the increase in day use. Increase was also caused by the reopening of more sites following burweed fence removal.
VI	Spider Lake Park	45,500	61,016	15,516	34.1%	Better weather led to higher attendance.

Parks with INCREASED camping use:

Reg	Park	Camping Attendance				Notes:
		07/08	08/09	Difference	% Change	
KO	Norbury Lake Park	3,933	5,379	1,446	36.8%	Great weather, low mosquito count led to an increase in attendance.
LM	Inland Lake Park	1,587	2,736	1,149	72.4%	Improved service delivery from PFO has led to higher attendance in 2008.
LM	Porteau Cove Park	21,418	24,269	2,851	13.3%	Increase in attendance can be attributed to the completion of the sea-to-sky highway.
LM	Saltery Bay Park	4,086	6,083	1,997	48.9%	Significant trail improvements, and facility upgrades. Local press has encouraged use.
PE	Beatton Park	7,549	8,768	1,219	16.2%	No definitive reason for the increase in attendance. Could be attributed to better park conditions and better data tracking.
PE	Charlie Lake Park	8,246	9,702	1,456	17.7%	No definitive reason for the increase in attendance. Could be attributed to better park conditions and better data tracking.
PE	Gwillim Lake Park	3,878	7,891	4,013	103.5%	No definitive reason for the increase in attendance. Could be attributed to better park conditions and better data tracking.
PE	Swan Lake Park	7,597	9,277	1,680	22.1%	No definitive reason for the increase in attendance. Could be attributed to better park conditions and better data tracking.
TR	Juniper Beach Park	15,869	18,992	3,123	19.7%	Increase caused by local residents choosing to camp close by to avoid high fuel costs.
TR	Momich Lakes Park	3,725	5,741	2,016	54.1%	Increase can be attributed to better counts in 2008.
TR	Paul Lake Park	15,120	16,822	1,702	11.3%	Increase can be attributed to better weather and good fishing conditions. Higher gas prices kept locals close to home in the summer which also led to higher attendance numbers.
	Roche Lake Park	13,363	15,590	2,227	16.7%	Increase can be attributed to better weather and good fishing conditions. Higher gas prices kept locals close to home in the summer which also led to higher attendance numbers.
VI	Cape Scott Park	3,853	5,405	1,552	40.3%	Some of the day use counters were not in place in 2007.
VI	Sproat Lake Park	17,971	19,802	1,830	10.2%	Better weather and an early start to the operating season led to the increase in attendance.

Parks with DECREASED day use:

Reg	Park	DAY USE Attendance				Notes:
		07/08	08/09	Difference	% Change	
CA	Horsefly Lake Park	24,777	15,162	-9,615	-38.8%	Decline can be attributed to late snow melt in May preventing the park from opening early. Cool weather in the early part of the season was also listed as a factor.
CA	Tweedsmuir Park (South)	53,491	35,851	-17,640	-33.0%	Contributing factors include high gas prices and flooding of the Atnarko River during May and June. Lowest recorded salmon runs on record was also listed as a factor.
KO	Kikomun Creek Park	153,374	101,927	-51,447	-33.5%	Decline in attendance can be attributed to poor weather at the beginning and end of the operating season.
KO	Mount Fernie Park	36,946	13,045	-23,902	-64.7%	Decrease can be attributed to an overestimate in 2007 attendance as well as late snow melt in May, 2008. Accurate counts were taken in 2008.
KO	Norbury Lake Park	35,259	20,276	-14,984	-42.5%	Late snow melt prevented the park from opening in May, 2008.
LM	Chilliwack Lake Park	71,285	36,323	-34,962	-49.0%	Park was closed during the 2008 winter season.
TR	North Thompson River Park	79,282	52,101	-27,181	-34.3%	Attendance declined due to poor winter conditions and the replacement of a water distribution line which closed the park in October, 2008.
VI	Carmanah Walbran Park	6,678	1,453	-5,226	-78.2%	Decline caused by poor weather in July and a trail counter not working in August. Accounting for the trail counter will eliminate large variances in the future.
VI	Strathcona Park	166,625	93,016	-73,609	-44.2%	Decrease was caused by poor trail conditions as well as the access bridge being closed in August and September.

Parks with DECREASED camping use:

Reg	Park	Camping Attendance				Notes:
		07/08	08/09	Difference	% Change	
KO	Mount Assiniboine Park	8,957	6,790	-2,166	-24.2%	Late snow melt and limited good weather caused a decline in attendance in 2008.
LM	Chilliwack Lake Park	41,699	36,650	-5,050	-12.1%	Park was closed during the 2008 winter season.
LM	Garibaldi Park	12,278	10,224	-2,054	-16.7%	No definitive reason for the decrease in attendance. Could be attributed to poor weather.
LM	Nicolum River Park	1,808	0	-1,808	-100.0%	Park is now closed.
OK	Cathedral Park	12,621	9,690	-2,931	-23.2%	Park was closed in August due to fires in the area.
OK	Conkle Lake Park	5,885	4,502	-1,383	-23.5%	Visitation decreased due to poor road conditions and a park closure on September 1st.
OK	Kentucky-Alleyne Park	16,118	14,384	-1,734	-10.8%	No definitive reason for the decrease in attendance. Could be attributed to poor weather.
OM	Crooked River Park	7,997	6,570	-1,427	-17.8%	Camping attendance was down in May due to flooding in the park. This led to an overall decrease in attendance.
OM	Whiskers Point Park	8,954	6,371	-2,583	-28.8%	Camping attendance was down in May due to flooding in the park. This led to an overall decrease in attendance.
PE	One Island Lake Park	3,917	2,157	-1,760	-44.9%	No definitive reason for the decrease in attendance. Could be attributed to poor weather.
TR	White Lake Park	4,640	3,434	-1,206	-26.0%	2007 counts were overestimated. Accurate counts were taken in 2008.

Source: Park Use Permit System (EPUPS), extracted June 29th, 2009. 2007/2008 data was extracted according to the permit's payment due date. 2008/2009 data was extracted according to the permit's active status. This was done due to the implementation of the new EPUPS system in 2008/2009.

Note: Numbers exclude operations permits for Park Facility Operators. "Commercial Recreation" includes recreational, big game, angle guiding and associated structures, transportation, commercial services, special events, accommodation. "Land Use/Occupancy" includes structures, utilities, roads, etc.

[1] Categories for resource extraction and "other" have been discontinued. These are both included under the "Other 2007/2008" column heading.

[2] Ecological Reserve and Trapline permits are permit categories that have been introduced in 2008/2009 for the new EPUPS system. These are both included under the "Other 2008/2009" column heading.

Source: Parks Attendance System (data extracted on June 1, 2009), Corporate Services Division (data extracted on June 1, 2009)

Notes:

1) Due to counter malfunctions, a three year average (2004-2006) was used for fiscal 2007 day use attendance data for Princess Louisa Marine, Juniper Beach, Syringa, Fintry, James Chabot, Macmillan, Mount Assiniboine, Nancy Greene, and Silver Star.

2) Due to counter malfunctions, a two year average (2005-2006) was used for fiscal 2007 camping attendance for Momich Lakes. The three year average was not used because attendance was not collected before 2005.

3) Due to recording errors for boating use in Desolation Sound Marine and Princess Louisa Marine, a conservative estimate of 70% of the 06/07 attendance was used for the 07/08 season. This percentage was supplied by the PFO for these parks.

1) Due to counter malfunctions, a three year average (2004-2006) was used for fiscal 2007 day use attendance data for Princess Louisa Marine, Juniper Beach, Syringa, Fintry, James Chabot, Macmillan, Mount Assiniboine, Nancy Greene, and Silver Star.

2) Due to counter malfunctions, a two year average (2005-2006) was used for fiscal 2007 camping attendance for Momich Lakes. The three year average was not used because attendance was not collected before 2005.

3) Due to recording errors for boating use in Desolation Sound Marine and Princess Louisa Marine, a conservative estimate of 70% of the 06/07 attendance was used for the 07/08 season. This percentage was supplied by the PFO for these parks.
